

# **LAW OFFICE OF RICHARD B. STAFFORD**

ATTORNEY AT LAW

The Schmidt and Petito family has been aware of the circumstances surrounding the suicide of the sole suspect in Gabby's murder. Gabby's family will not be making a statement at this time due to the request of the United States Attorney's Office and the Teton County Prosecutor's Office. The family was asked to not make any comments and let the FBI continue their investigation. The family was also asked to wait for the United States Attorney's Office to make a determination on whether any additional individuals will be charged. When that determination is made, we will have a statement.
